Trishah Woolley

Thank you for purchasing our WordPress plugin!

## Installation

Download your ZIP file(s) here:

- **PDF Embedder Premium** – Unlimited sites license  
[pdfembedder-premium-2.7.5](#)

You will first need to upload the ZIP file directly in the Plugin section of your WordPress admin (click Add New, then Upload), then click 'Activate' on the new version of the plugin. If you already have an existing (free) plugin of the same name installed then you must Deactivate that first.

Please read our [configuration and usage instructions](#).

## License Key

Please enter the following license keys in Settings -> PDF Embedder / PDF Thumbnails (in your WordPress admin panel), after you have installed and activated the plugin:

PDF Embedder Premium - Unlimited sites license: 18b209399493912ef42c98f969a53726

This will enable automatic plugin update notifications whenever a new version is available.

If you have just renewed your license key, you do not need to do anything - WordPress should notice the renewal within a day or so.

## Support

We are on hand to help you and answer any questions you may have, so please don't hesitate to get in touch at [contact@wp-pdf.com](mailto:contact@wp-pdf.com) - just reply to this email. If possible, provide a link to a page on your site so we can see the problem for ourselves.

Our web site also has a [Knowledge Base](#) where you can find answers to many common questions.

We would love to hear from you, so if you have any feedback (good or bad!) please do email us.

Many thanks,  
WP-PDF team
